Observers – stay in the loop

Observers can keep up with the latest commercial fishing information by signing up for email notifications or text message alerts. Emails are species specific and include important issues, news and updates on area openings and closings. Text alerts include regulatory information about emergency actions, area openings and closings and possession limit adjustments.

If you would like to receive species specific email notifications and/or regulatory text alerts go to: [http://www.greateratlantic.fisheries.noaa.gov/fish/index.html](http://www.greateratlantic.fisheries.noaa.gov/fish/index.html)

If you have any questions, please send an email to [nmfs.ner.feedback@noaa](mailto:nmfs.ner.feedback@noaa).

You may also contact Olivia Rugo, Stakeholder Engagement, GARFO, at 978-675-2167 or email her at [Olivia.rugo@noaa.gov](mailto:Olivia.rugo@noaa.gov).
