AGASSIZ, ALEXANDER.

1865. North American Acalephæ. No. II. Illustrated Catalogue, Museum of Comparative Zoology at Harvard College, Vol. I, 1865, pp. i–xiv, 1–234, 360 figs. *In* Memoirs, Museum of Comparative Zoology at Harvard College, Vol. I, 1864–65. Cambridge.

1866. On the habits of a species of pteropod (*Spirialis flemingii* ?). Proceedings, Boston Society of Natural History, Vol. X, 1864–1866 (1866), pp. 14–15. Boston.

1874. Embryology of the Ctenophoræ. Memoirs, American Academy of Arts and Sciences, new series, Vol. X, No. III, 1874, pp. 357–398, Pls. I–V. Cambridge. [Issued as a supplement.]

AGASSIZ, LOUIS.

1849. X. Contributions to the natural history of the Acalephæ of North America. Part II. On the beroid Medusæ of the shores of Massachusetts, in their perfect state of development. Memoirs, American Academy of Arts and Sciences, new series, Vol. IV, Part II (1850), pp. 313–374, pls. 1–8. Cambridge and Boston.

1860. Contributions to the natural history of the United States of America. Vol. III, 301 pp., Pls. I–XIX. Boston.

1862. *Ibid.* Vol. IV, 380 pp., Pls. XX–XXXV. Boston.

ALLEN, E. J.

1908. Mackerel and sunshine. Journal, Marine Biological Association of the United Kingdom, new series, Vol. VIII, No. 4, May, 1909, pp. 394–406, 5 text figs., Tables I–XIV. Plymouth, England.

1914. On the culture of the plankton diatom, *Thalassiosira gravida* Cleve, in artificial seawater. *Ibid.*, Vol. X, No. 3, October, 1914, pp. 417–439. Plymouth, England.

1919. A contribution to the quantitative study of the plankton. *Ibid.*, Vol. XII, No. 1, 1919, pp. 1–8. Plymouth, England.

ALLEN, E. J., and E. W. NELSON.

1910. On the artificial culture of marine plankton organisms. Journal, Marine Biological Association of the United Kingdom, new series, Vol. VIII, No. 5, March, 1910, pp. 421–474, 1 text fig. Plymouth, England.

ALLEN, G. M.

1916. The whalebone whales of New England. Memoirs, Boston Society of Natural History, vol. 8, No. 2 (1916), pp. 107–322, 16 pls. Boston.

ALLEN, W. E.

1921. Preliminary statistical studies of marine phytoplankton of the San Diego region, California. Special Publications of Bernice P. Bishop Museum [Honolulu], No. 7, 1921, pp. 537–554, 3 tables.

ANDREWS, ROY C.

1909. Article XIV.—Observations on the habits of the finback and humpback whales of the eastern North Pacific. Bulletin, American Museum of Natural History, Vol. XXVI, 1909, pp. 213–226, Pls. XXX–XL. New York.

1916. Monographs of the Pacific Cetacea. II. The sei whale (*Balænoptera borealis* Lesson). Memoirs, American Museum of Natural History, new series, Vol. I, Part VI, March, 1916, pp. 289–388, Pls. XXIX–XLII, 38 text figs. New York.

APSTEIN, CARL.

1900. Die Alciopiden und Tomopteriden der Plankton-Expedition. Ergebnisse der Plankton-Expedition der Humboldt-Stiftung, Band II, H. b., 1900, pp. 1–61, 7 pls., 7 maps, 4 text figs. Kiel und Leipzig.

APSTEIN, CARL—Continued.

1901. Cladocera (Daphnidæ), Wasserflöhe. *In* Nordisches plankton, herausgegeben von Prof. Dr. K. Brandt in Kiel. Erste Lieferung, 1901, No. VII, pp. 11–15, text figs. 20–24. Kiel und Leipzig.

1910. Cladocera. Bulletin Trimestriel, Conseil Permanent International pour l'Exploration de la Mer. Résumé des Observations sur le Plankton des Mers Explorées par le Conseil Pendant les Années 1902–1908, Part I (1910), pp. 39–51. Copenhague.

1911. Chætognatha. *Ibid.*, Part II, 1911, pp. 170–175, pl. 24. Copenhague.

ATKINS, W. R. G.

1923. The hydrogen-ion concentration of sea water in its relation to photosynthetic changes. Part II. Journal, Marine Biological Association of the United Kingdom, Vol. XIII, No. 1, December, 1923, pp. 93–118, 12 text figs. Plymouth, England.

1923a. The phosphate content of fresh and salt waters in its relationship to the growth of the algal plankton. *Ibid.*, pp. 119–150, 8 text figs. Plymouth, England.

1925. On the thermal stratification of the sea water and its importance for the algal plankton. *Ibid.*, No. 3, March, 1925, pp. 693–699, 3 text figs. Plymouth, England.

1925a. Seasonal changes in the phosphate content of sea water in relation to the growth of the algal plankton during 1923 and 1924. *Ibid.*, pp. 700–720, 8 text figs. Plymouth, England.

AURIVILLIUS, CARL W. S.

1896. Das Plankton der Baffins Bay und Davis' Strait. *In* Festschrift Wilhelm Lilljeborg, zum achtzigsten Geburtstag, pp. 181–212, Tafl. X, 1896. Upsala.

BAILEY, L. W.

1910. The marine and estuarine diatoms of the New Brunswick coasts. Bulletin, Natural History Society of New Brunswick, No. XXVIII, Vol. VI, Part II, pp. 219–239, 2 pls. St. John, N. B.

1915. The plankton diatoms of the Bay of Fundy. Contributions to Canadian Biology, 1911–1914 (1915). Supplement, 47th Annual Report of the Department of Marine and Fisheries, Fisheries Branch, pp. 11–23, Pls. I–III. Ottawa.

1917. Notes on the phytoplankton of the Bay of Fundy and Passamaquoddy Bay. Contributions to Canadian Biology, 1915–16 (1917). Supplement, 6th Annual Report, Department of the Naval Service, Fisheries Branch, pp. 93–107. Ottawa.

BAILEY, L. W., and A. H. MACKAY.

1921. The diatoms of Canada. Contributions to Canadian Biology, 1918–1920 (1921), pp. 115–124. Ottawa.

BEDDARD, F. E.

1900. A book of whales. xv, 320 pp., Pls. I–XXI, 40 text figs., 1900. London and New York.

BIGELOW, HENRY B.

1909. Cruise of the U. S. Fisheries schooner *Grampus* in the Gulf Stream during July, 1908, with description of a new Medusa (Bythotiaridæ). Bulletin, Museum of Comparative Zoology at Harvard College, Vol. LII, No. 12, 1908–1910, pp. 195–210, 1 pl. Cambridge.

1909a. Cœlenterates from Labrador and Newfoundland, collected by Mr. Owen Bryant from July to October, 1908. Proceedings, United States National Museum, vol. 37, 1909 (1910), pp. 301–320, pls. 30–32. Washington.

1911. Reports on the scientific results of the expedition to the eastern tropical Pacific, in charge of Alexander Agassiz, by the U. S. Fish Commission steamer *Albatross*, from October, 1904, to March, 1905, Lieut. Commander L. M. Garrett, U. S. N., commanding. XXIII. The Siphonophoræ. Memoirs, Museum of Comparative Zoology at Harvard College, Vol. XXXVII (1909–1911), pp. 174–401, 29 pls. Cambridge.

1911a. Fishes and Medusæ of the intermediate depths. A note on the work of the *Michael Sars*. Nature, Vol. LXXXVI, March to June, 1911, p. 483. London and New York.

BIGELOW, HENRY B.—Continued.

1913. Medusæ and Siphonophoræ collected by the U. S. Fisheries steamer *Albatross* in the northwestern Pacific, 1906. Proceedings, United States National Museum, Vol. 44, 1913, pp. 1–119, 6 pls. Washington.

1913a. A new closing-net for horizontal use, with a suggested method of testing the catanary in fast towing. Internationale Revue der gesamten Hydrobiologie und Hydrographie, V Band, 1912 (1912–13), pp. 576–580, figs. 1–8. Leipzig.

1914. Explorations in the Gulf of Maine, July and August, 1912, by the United States Fisheries schooner *Grampus*. Oceanography and notes on the plankton. Bulletin, Museum of Comparative Zoology at Harvard College, Vol. LVIII, No. 2, pp. 29–147, figs. 1–38, pls. 1–9. Cambridge.

1914a. Oceanography and plankton of Massachusetts Bay and adjacent waters, November, 1912–May, 1913. *Ibid.*, No. 10, 1914, pp. 385–419, 7 text figs., 1 pl. Cambridge.

1914b. Fauna of New England. List of the Medusæ, Craspedotæ, Siphonophoræ, Scyphomedusæ, Ctenophoræ. Occasional Papers, Boston Society of Natural History, Vol. VII, No. 12, July, 1914, 37 pp. Boston.

1914c. Oceanographic cruise of the United States Bureau of Fisheries schooner *Grampus*, July and August, 1914. Science, new series, vol. 40, pp. 881–883. New York.

1915. Exploration of the coast water between Nova Scotia and Chesapeake Bay, July and August, 1913, by the United States Fisheries schooner *Grampus*. Oceanography and plankton. Bulletin, Museum of Comparative Zoology at Harvard College, Vol. LIX, No. 4, pp. 149–359, 82 text figs., 2 pls. Cambridge.

1917. Explorations of the coast water between Cape Cod and Halifax in 1914 and 1915, by the United States Fisheries schooner *Grampus*. Oceanography and plankton. *Ibid.*, Vol. LIX, No. 8, pp. 161–357, figs. 1–100, 2 pls. Cambridge.

1917a. Explorations of the United States Coast and Geodetic Survey steamer *Bache* in the western Atlantic, January–March, 1914, under the direction of the United States Bureau of Fisheries.—Oceanography. Appendix V, Report, U. S. Commissioner of Fisheries, 1915 (1917). Bureau of Fisheries Document No. 833, 62 pp., 53 text figs., 1 chart. Washington.

1918. Some Medusæ and Siphonophoræ from the western Atlantic. Bulletin, Museum of Comparative Zoology at Harvard College, Vol. LXII, No. 8, December, 1918, pp. 365–442, 8 pls. Cambridge.

1920. Medusæ and Ctenophoræ. Report of the Canadian Arctic Expedition, 1913–1918, vol. 8, Part H, 22 pp., 2 pls. Ottawa.

1922. Exploration of the coastal water off the northeastern United States in 1916 by the U. S. Fisheries schooner *Grampus*. Bulletin, Museum of Comparative Zoology at Harvard College, Vol. LXV, No. 5, July, 1922, pp. 87–188, 53 text figs. Cambridge.

BIGELOW, HENRY B., and W. W. WELSH.

1925. Fishes of the Gulf of Maine. Bulletin, U. S. Bureau of Fisheries, Vol. XL, 1924 (1925), Part I, 567 pp., 295 figs. Washington.

BJERKAN, PAUL.

1919. Results of the hydrographical observations made by Dr. Johan Hjort in the Canadian Atlantic waters during the year 1915. Canadian Fisheries Expedition, 1914–15 (1919), Department of the Naval Service, pp. 349–403, Pls. I–III, 11 text figs. Ottawa.

BLEGVAD, H.

1914. Food and conditions of nourishment among the communities of invertebrate animals found on or in the sea bottom in Danish waters. Report, The Danish Biological Station to the Board of Agriculture, Vol. XXII, 1914 (1915), pp. 41–78, 4 text figs. Copenhagen.

BONNEVIE, KR.

1912. Peteropoda. Report on the Scientific Results of the *Michael Sars* North Atlantic Deep Sea Expedition 1910, Vol. III, Part I, Zoology, No. 3, April, 1912, 86 pp., 58 text figs., 9 pls. Bergen.

BOVALLIUS, CARL.
1887–1889. Contributions to a monograph of the Amphipoda Hyperiidea. Part I. Kongliga Svenska Vetenskaps-Akademiens Handlingar, Ny Följd, Bind 21, No. 5, 72 pp., 10 pls. Stockholm.
1889–1891. Contributions to a monograph of the Amphipoda Hyperiidea. Part II. *Ibid.*, Bind 22, No. 7, 434 pp., 18 pls. Stockholm.

BRADY, G. STEWARDSON.
1878–1880. A monograph of the free and semiparasitic Copepoda of the British Islands. 3 vols., illus. The Ray Society, London.
1883. Report on the Copepoda obtained by H. M. S. *Challenger* during the years 1873–1876. *In* Report on the scientific results of the voyage of H. M. S. *Challenger* during the years 1873–1876. Zoology, Vol. VIII, 1883, No. 1, 142 pp., 55 pls. London.
1901. On the marine Copepoda of New Zealand. Transactions, Zoological Society of London, Vol. XV, Part 2, No. 1, August, 1899 (1901), pp. 31–54, Pls. IX–XIII. London.
1910. Die marinen Copepoden: I. Über die Copepoden der Stamme Harpacticoida, Cyclopoida, Notodelphyoida und Caligoida. Deutsche Südpolar-Expedition, Band XI, Zoologie Band III, Heft 5, pp. 499–593, Taf. LII–LXIII, text fig. 69. Berlin.

BRADY, GEORGE STEWARDSON, and DAVID ROBERTSON.
1873. XVIII.—Contributions to the study of the Entomostraca. No. VIII. On marine Copepoda taken in the west of Ireland. Annals and Magazine of Natural History, Vol. XII, Fourth Series (1873), pp. 126–142, Pls. VIII–IX. London.

BRANDT, KARL.
1899. Ueber den Stoffwechsel im Meere. Wissenschaftliche Meeresuntersuchungen, herausgegeben von der Kommission zur wissenschaftlichen Untersuchung der deutschen Meere in Kiel, neue Folge, Band 4, 1899, Abteilung Kiel, pp. 215–230. Kiel und Leipzig.
1902. Ueber den Stoffwechsel im Meere. Part 2. *Ibid.*, Band 6, 1902, Abteilung Kiel, pp. 25–79. Kiel und Leipzig.
1905. On the production and the conditions of production in the sea. Appendix D, Rapports et Procès-Verbaux, Conseil Permanent International pour l'Exploration de la Mer, Vol. III, 1905, pp. 1–12. Copenhagen.
1906. Die Tintinnodeen der Plankton-Expedition. Ergebnisse der Plankton-Expedition der Humboldt-Stiftung, Band III, L. a., 1906, 70 pls. Kiel und Leipzig.
1907. Die Tintinnodeen der Plankton-Expedition. Systematischer Teil. *Ibid.*, 1907, pp. 1–488. Kiel und Leipzig.
1910. Tintinnodea. Bulletin Trimestriel, Conseil Permanent International pour l'Exploration de la Mer. Résumé des Observations sur le Plankton des Mers, Part 1, 1910, pp. 1–19, pls. 1–2, 4 text figs. Copenhague.

BROOK, G., and W. L. CALDERWOOD.
1886. Report on the food of the herring. Fourth Annual Report, Fishery Board for Scotland, 1885 (1886), pp. 102–128. Edinburgh.

1897. Die Fauna und Flora Grönlands. Erster Teil, Grönland-Expedition der Gesellschaft für Erdkunde zu Berlin, Band II, 1891–1893 (1897), Part 1, x, 383 pp. Berlin.

VERRILL, A. E.
1869. Art. XIV.—Contributions to zoology from the Museum of Yale College. No. 1.—Descriptions of a remarkable new jelly-fish and two Actinians from the coast of Maine. American Journal of Science and Arts, Second Series, Vol. XLVIII, No. 142, pp. 116–118. New Haven.
1875. Results of dredging expeditions on the New England coast in 1874. American Journal of Science and Arts, 3d Series, Vol. X, pp. 36–43; 196–202. New Haven.
1882. Report on the Cephalopods of the northeastern coast of America. Report, U. S. Commissioner of Fish and Fisheries, 1879 (1882), pp. 211–455, Pls. I–XLVI. Washington.
1885. Results of the explorations made by the steamer *Albatross* off the northern coast of the United States in 1883. Report, U. S. Commissioner of Fish and Fisheries, 1883 (1885), pp. 503–699, Pls. I–XLIV. Washington.

VON RITTER-ZÁHONY, RUDOLF.
1911. Revision der Chætognathen. Deutsche Südpolar-Expedition, 1901–1903, XIII Band, Zoology V Band (1913), Heft 1, pp. 1–72, 51 text figs. Berlin.

WELDON, W. R. F., and G. H. FOWLER.
1890. Notes on recent experiments relating to the growth and rearing of food fish at the laboratory. I. The rearing of lobster larvæ. Journal, Marine Biological Association of the United Kingdom, new series, Vol. I. No. 4, pp. 367–375. Plymouth, England.

WELLS, ROGER C.
1922. Determination of silica in filtered sea water. Journal, American Chemical Society, Vol. 44, No. 10, October, 1922, pp. 2187–2193. Easton, Pa.

WHEELER, WILLIAM MORTON.
1901. The free-swimming copepods of the Woods Hole region. Bulletin, United States Fish Commission, Vol. XIX, 1899 (1901), pp. 157–192, 30 text figs. Washington.

WHIPPLE, GEORGE CHANDLER.

1905. The microscopy of drinking water. i–xiii, 323 pp., 23 text figs. Pls. I–XIX. John Wiley & Sons, (Inc.), New York.

1907. Quality of Kennebec River water. *In* Water resources of the Kennebec River basin, Maine, by H. K. Barrows. United States Geological Survey, Water-Supply and Irrigation Paper No. 198, 1907, pp. 167–211, figs. 13–17. Washington.

WILLEY, ARTHUR.

1913. Notes on plankton collected across the mouth of the St. Croix River opposite to the biological station at St. Andrews, New Brunswick, in July and August, 1912. Proceedings, Zoological Society of London, 1913, pp. 283–292, 2 text figs. London.

1915. The plankton in St. Andrew's Bay. Contributions to Canadian Biology, 1911–1914 (1915), Supplement, 47th Annual Report, Department of Marine and Fisheries, Fisheries Branch, pp. 1–9, 2 text figs. Ottawa.

1919. Canadian fisheries expedition, Atlantic waters of Canada. Report on the Copepoda obtained in the Gulf of St. Lawrence and adjacent waters, 1915. Canadian Fisheries Expedition, 1914–15 (1919), Department of the Naval Service, pp. 173–220, 28 text figs. Ottawa.

1920. Marine Copepoda. Report, Canadian Arctic Expedition, 1913–1918, Vol. VII, Part K, 46 pp. Ottawa.

1921. Arctic Copepoda in Passamaquoddy Bay. Proceedings, American Academy of Arts and Sciences, vol. 56, No. 5, February, 1921, pp. 183–196. Boston.

1923. Notes on the distribution of free-living Copepoda in Canadian waters. Contributions to Canadian Biology, new series, Vol. I (1923), No. 16, pp. 305–334, 23 text figs. Toronto.

WILLEY, ARTHUR, and A. G. HUNTSMAN.

1921. Faunal notes from the Atlantic biological station, 1920. The Canadian Field Naturalist, Vol. XXXV, 1921, No. 5, pp. 2–20. Gardenvale, Quebec.

WILLIAMS, LEONARD W.

1906. Notes on marine Copepoda of Rhode Island. American Naturalist, Vol. XL, No. 477, pp. 639–660. New York.

1907. A list of the Rhode Island Copepoda, Phyllopoda, and Ostracoda, with new species of Copepoda. Thirty-seventh Annual Report, Commissioners of Inland Fisheries, Rhode Island, January session, 1907, pp. 69–79, Pls. I–III. Providence.

WILSON, CHARLES BRANCH.

1924. New North American parasitic copepods, new hosts, and notes on copepod nomenclature. Proceedings, United States National Museum, vol. 64 (1925), Art. 17, No. 2507, pp. pp. 1–22, July 7, 1924, pls. 1–3. Washington.

WITH, CARL.

1915. Copepoda. I. *Calanoida amphascandria*. The Danish Ingolf-Expedition, Vol. III, Part 4, 1915, 260 pp., Pls. I–VIII, 422 text figs., 1 chart. Copenhagen.

WOLFENDEN, R. NORRIS.

1904. Notes on the copepods of the North Atlantic Sea and the Faröe Channel. Journal, Marine Biological Association of the United Kingdom, new series, Vol. VII, 1904–1906, No. 1, April, 1904, pp. 110–146, Pl. IX, 1 text fig. Plymouth, England.

1905. Notes on the collection of Copepoda. *In* The Fauna and Geography of the Maldive and Laccadive Archipelagoes, being the account of the work carried on and of the collections made by an expedition during the years 1899 and 1900, edited by J. Stanley Gardiner, Vol. II, Suppl. I (1905), pp. 989–1040, Pls. XCVI–C. Cambridge.

1911. Die marinen Copepoden: II. Die pelagischen Copepoden der Westwinddrift und des südlichen Eismeers. Deutsche Südpoplar-Expedition, 1901–1903, XII Band, Zoologie IV Band, Heft 4 (1911), Part 6, pp. 181–380, Pls. XXII–XLI, 82 text figs. Berlin.

WOLLEBÆK, ALF.
1908. Remarks on decapod crustaceans of the north Atlantic and the Norwegian Fiords (I and II). Bergens Museums Aarbog, 1908 (1909), No. 12, 77 pp., Pls. I–XIII, 9 text figs. Bergen.

WOOD, W.
1869. The Clio borealis on the coast of Maine. Proceedings, Portland Society of Natural History, Vol. I, Part II (1869), pp. 185–188, 1 text fig. Portland.

WRIGHT, RAMSAY.
1907. The plankton of eastern Nova Scotia waters. An account of floating organisms upon which young food-fishes mainly subsist. Contributions to Canadian Biology, 1902–1905 (1907), Supplement, Thirty-ninth Annual Report, Department of Marine and Fisheries, Fisheries Branch, pp. 1–19, Pls. I–VII. Ottawa.

ZIMMER, CARL.
1909. VI. Die nordischen Schizopoden. *In* Nordisches Plankton, herausg. von Prof. Dr. K. Brandt und Prof. Dr. C. Apstein in Kiel, zwölfte Lieferung, Nr. VI, 1909, pp. 1–178, figs. 1–384. Kiel und Leipzig.
